

Biddulph Town Council

GRANT EVALUATION FORM 2020-21

Biddulph Town Council aims to monitor the success and impact of every grant awarded from our funds.

It is from evaluations that we learn about the groups we fund and how successful projects have been. This knowledge helps us to be accountable and to consistently improve our grant-making processes.

We need to know the impact that your activities have had on the people living within Biddulph. Please provide a candid assessment of the challenges and success/failure of your programme or project.

Grant evaluations are so important to us that we will not fund a group again if they have not returned previous evaluations.

Please use this form if you were in receipt of a Town Council Grant and/ or a Town Councillors' Community Grant Fund allocation.

1 Name of Group:

2 What type of Group or Organisation are you?
